

# SHREE GANESH INDUSTRIES

**From Blueprint to Build – Moulded for Excellence**

Shree Ganesh Industries delivers precision, reliability, and innovation in plastic moulding, serving automotive, industrial, household, and custom engineering sectors.

# Company Profile

As a leading **plastic moulded components manufacturer** and **ISO 9001:2015 plastic manufacturer**, Shree Ganesh Industries has been delivering **precision-engineered all type of plastic molded parts** since 2006. Based in **Dadra and Nagar Haveli**, we specialize in **custom plastic moulding manufacturing** and serve a wide range of industries with durable and cost-effective solutions. We are recognized as a **top-rated plastic components supplier** trusted by national and global brands. Whether you're looking to **buy industrial plastic parts in India** or need **plastic moulding with moulds and die inserts**, we've got you covered.

- ✓ Certified plastic injection moulding company
- ✓ Serving industries like automotive, rope, elevator, household, Electrical and industrial.
- ✓ State-of-the-art injection moulding factory near Silvassa
- ✓ Bulk plastic component manufacturing in India

# Product Profile..

We are a leading name in manufacturing a diverse range of plastic molded components and plastic molded industrial parts. Our vast range includes plastic molded industrial products; Industrial products for rope industries, Elevator Buckets, Household products co-parts & metal insert molding. These products are at par with **durability, reliability, highly rated functionality, accuracy, flawless design and other user-friendly features**. All the products are manufactured using premium quality raw materials, which are sourced from most trusted suppliers. Our highlighted products below...

- Nylon Ring Travellers
- Water Tank for Tent Cooler
- Front and Back cover of Tower Fan
- Large Filter Body
- Water drainage try for Tent cooler

# Facilities We Possess

We boast of a modern infrastructure, which is well equipped with sophisticated machines, so we continuously upgrade our machines to maintain their efficiency. Following are some of the facilities we have:

## Design

Lot of attention is given to the design of our products, as we understand the level of performance depends largely on the design of the products. For better product development, we pursue extensive research and use the most advanced machines for our designing requirements.

## Machine Shop

Our machine shop is equipped with a battery of injection molding machines and other modern machines. These machines are continually updated to the best technology to maintain their efficiency.

## In-House Tool Room Facility

Shree Ganesh Industries features a well-equipped in-house tool room for efficient mould development and maintenance. This facility allows us to ensure high precision, quick modifications, and faster delivery for all **custom plastic moulding requirements**.

# Quality Assurance

**Quality Policy:** "To achieve customer delight by manufacturing products as per customer specification and on - time delivery of good quality products at competitive price through continuous improvement at all levels".

At our unit, we have a separate division for quality inspection wherein we have all the facilities, which are required for successful quality assessment. All the products like plastic moulded components and plastic moulded other parts that we manufacture undergo stringent test and checks in order determine their quality. While testing, various parameters like design, size, performance and others are taken into consideration.

Each test takes place under the strict vigilance of our supervisors and quality checking inspectors. All the tests are conducted using advanced testing equipment and modern testing measures that help in testing the products. We assure every component is thoroughly inspected in order to make us achieve our goal of total product management (TPM).
